## USB CHARGING

**\*WARNING: Please DO NOT use adaptor with ">5V" output**

- The first charge takes 2 hours, and subsequent charges take about 50 minutes to fully charge.
- Power supply mode: Powered by a 3.7V lithium battery.
- Charging method: Use DC 5V. Align the DC connector and insert the USB into the 2.5 interface to charge, or use a mobile phone charger. The buttons do not work while charging, and the vibrator cannot be turned on/off during charging. The indicator light flashes while charging and turns on when fully charged.

## PRODUCT CLEANING

- Washing can be done with shower gel or soap, but avoid the charging port and any areas that may come into contact with water during cleaning.
- After washing, store the product in a cool, dry place, away from direct sunlight. Silicone products should be maintained with maintenance powder or talcum powder to extend their lifespan.

## SAFETY

- This product is only suitable for adults.
- It is not a contraceptive.
- Keep it away from children.
- Do not use in combination with other products.
- It is forbidden to use corrosive cleaning agents, gasoline, detergents, or alkaline substances for cleaning.
