Short press "⚙️" to change 10 vibrating and thrusting modes.

USB CHARGING

***WARNING: Please DO NOT use adaptor with ">5V" output**

- Connect the USB cable to the adapter and the other end to the massager.
- When charging, the ON/OFF button's LED indicator will flash. Once charging is complete, the LED light will stop flashing and remain on. Charging typically takes about 2 hours.
- If the red light on the ON/OFF button flashes during use, it indicates a low battery. Please charge the device.
- Please only use the original charging cable provided.
- You can charge the device by connecting the USB cable to a compatible digital device. We do not provide USB power adapters.

PRODUCT CLEANING

- Clean the product before and after each use. Use warm water (maximum temperature 80°C is recommended) and antibacterial soap. Rinse thoroughly with clean water, and finally wipe it with a dry towel or paper until it is completely dry.
- Do not use cleaners containing alcohol, gasoline, or acetone.
- Please avoid exposing the product to high temperatures or direct sunlight.
- Please store the product in a clean, dry place, and keep it separate from other massagers.

SAFETY

- Please use only water-soluble lubricants when using the product.
- Hand creams or silicone-based lubricants may permanently damage the surface of the product.
- Please clean after use, especially after using lubricants.
- Please read the instructions before use.
- Keep away from children.
- Pregnant women should consult a doctor before using this product. If the silicone layer is damaged, do not use the product.
- For personal use only. We recommend not sharing the product with others.
