USB MAGNETIC CHARGING

***WARNING: Please DO NOT use adaptor with ">5V" output**

Magnetic
Charging

- Use the attached USB cable to connect to the device's charging port.
Insert the charging end of the cable into the charging position of the device.
- The indicator light will flash during charging and will remain solid when fully charged.
- Charge the product before first use.
- The product uses DC charging. Please use a charger with matching parameters.
- Using a charger with mismatched parameters may affect battery life or damage the product.
- The product has a built-in current protection feature, which automatically puts it into protection mode while charging, making the product temporarily unusable.
- Once fully charged, the product will automatically return to its normal use state.

PRODUCT CLEANING

- Apply a cleaning solution to the product surface.
- Wipe the product clean by hand.
- Rinse the product repeatedly under running water after cleaning.
- Dry the product by air or with a clean towel.
- After ensuring the product is properly sanitized, store it back in the packaging box.
- After use, ensure the product is clean. Do not use corrosive cleaners.

SAFETY

- This product is not for use by individuals under 18 years of age.
- Do not use at temperatures over 167°F/75°C.
- Stop using if discomfort occurs.
- It is recommended to use a water-based lubricant.
- Do not use it if the product is rough or damaged.
- Keep out of reach of children.
